

After School Club - Hub

Gilbert Stuart Middle School

Fall 2017

All Clubs Meet 3:00pm - 4:30pm

Mondays and Wednesdays

Chorus: If you like to sing & want to be part of a group, join us! We have 2-4 performances each school year.

Chess Club: Chess Club invites every one of every skill set level, to join for fun and friendship while playing this classic game. We are open to beginners and experts who strive to challenge others & improve their game. Come improve your thinking and problem solving skills.

Robotics: Students will meet after school to program Lego-Built Robots to accomplish certain missions & compete against each other in friendly Robot Games. Students will also be preparing for the Robot Block Party at Brown University in April.

The Lady Dragons: The Lady Dragons will learn about current issues that affect young women. They will become entrepreneurs by learning to run the school store. They will give back to their community, participating in & creating their own projects that showcase their talents & strengths. (MONDAYS ONLY)

Speed Stacking: Speed Stacking is an exciting team sport where players up stack & down stack 12 specially designed cups in a pattern. Speed stacking is a friendly & FUN sport for everyone! (WEDNESDAYS ONLY)

Tuesdays and Thursdays

Guitar Ensemble: Are you interested in playing guitar? If you'd like to learn to play or improve your skills, join the guitar ensemble. We will have 2-4 performances each school year.

You will be able to borrow a guitar to practice at home.

Computer Science & Skills Club: Learn the basics of computer coding as you build website applications.

Garden Club: If you enjoy watching things grown and change, then come and help us to plant a school garden. Garden club will teach you about soil testing, planting, watering, weeding, trimming, fertilization and aeration.

DIY- School Improvement Club: Like to build, use your math skills in real life, and want to help make improvements to GSMS? Join the School Improvement Club to learn about the operational aspects of GSMS, like electrical, heating, water, building costs, etc. and make our school a better place.

Jump Rope Team: The Jump Rope Team will design, implement, and demonstrate their own unique routines. Participants will work collaboratively and cooperatively to increase their skill level and build leadership skills. Participants will be creative and have FUN!

Grade or Program Specific

Magical Mathematicians: Come improve your math scores, play math games, and improve your skills with great teachers and friends! **Grade 6:** Mondays and Thursdays / **Grade 7:** Tuesdays and Wednesdays

English After School: This program is designed especially for **English Learners** to help them improve their listening, speaking, reading, and writing in English. Grades 6, 7, and 8: Mondays, Tuesdays, and Wednesdays
