Ms. Denton & Ms. Mariniello

Third, Fourth and Fifth grade **Feinstein Junior Scholars** have worked on soccer skills and are now starting volleyball skills. Students need to show good sportsmanship and teamwork. Eventually students will use the skills to participate in games.

Kindergarten, First and Second grade **Feinstein Junior Scholars** are continuing to work on general space vs. personal space, safety and balance. We have begun riding scooters to develop core, leg and arm strength while stressing sharing and taking turns.

The Carnevale Physical Educators would also like to wish everyone a very Happy Holiday!!!

**A Note from Nurse Anderson**

**As always, please encourage good hand washing with soap and water at home and school.**

**Do not send children to school with known fever, stomach pains, rash, vomiting or diarrhea. This will help reduce the spread of germs. Please remember that if your child has had a fever of 100.0 or higher within 24 hours they have to stay at home.**

**Children should also stay home for 24 hours after vomiting/ diarrhea has stopped. I am always available for questions regarding illness, don't hesitate to call the school.**

**Music- Mr. Maher**

Our Winter Concert for 2019 was a success and I would like to thank all the **Feinstein Junior Scholars** that were able to attend. They did a fantastic job performing the musical selections. Pictures are posted on the schools' web site!

Third and Fourth grade **Feinstein Junior Scholars** have started or continued their lessons on the recorder (a pre-band instrument) last month (November). Fifth grade **Feinstein Junior Scholars** have been working on maintaining a music notebook in addition to their quarterly projects. The second quarter project is listed on my web page in the teacher section of the Carnevale web page and will be due on January 17, 2020.

**Art - Ms. DeFlorian**

The third and second grade Feinstein Jr. Scholars are learning about One Point perspective in Art. Room 211 and Room 201 read Snowmen at Night written by Caralyn Buehner. We discussed how light and shadows are used on the snowmen in the story. The artwork featured is by Omarion Pompey who has discovered his talent for using light and shadow to create a 3D effect. Also shown are some students from room 201. Happy Holidays.
