

**Second Grade News –**

**Mr. Tramonti & Mrs. Tavares**

**Author and Illustrators in Room 201, Grade 2**

The students in Room 201 published a class book called Animals Now and Then through a company called *Student Treasures Publishing*. The students in Room 201 followed the steps in the publishing process. We modeled step by step how to conduct research on a favorite animal using newly acquired laptops and our wireless internet access. The children had a great time and loved seeing their pieces published in an actual hard-covered book. They were amazed...one student commented, "Wow! This is like a real library book!" A lot of fun for all the classroom staff and students!

**Donors Choose Make a Difference in Room 201!**

Mrs. Tavares and Mr. Tramonti wrote a grant through Donors Choose to add more technology to enhance the teaching and learning opportunities for the classroom. A new document camera, projector and NOW Board were ordered. Both staff and students in room 201 are grateful to the donors who allowed us to acquire this new technology to expand on alternative opportunities. Thank you! Thank you! Thank you!

## My Many Colored Days – Dr. Seuss

### Room 110 – Mrs. Stigliano

In celebration of Dr. Seuss' birthday in March and the story "My Many Colored Days", the Pre-K read the book and celebrated each day with a different color!

"Some days are yellow. Some are blue. On different days I'm different too. You'd be surprised how many ways I change on different colored days."

Each day the children talked about the colors and the things in our world that are different colors. The children talked about how each color made them feel.

The Pre-K teachers and children would like to thank all those who participated in the celebration of colors each day!
