September 1, 2020

Dear Parents and Guardians:

Please be advised that during the Covid-19 pandemic, lunches may be served in classrooms. Schools will not be serving nut/peanut products, therefore, we kindly ask that you do not provide food with nut/peanut products to keep the environment safe for our students with allergies. Please contact your child's school nurse teacher with your child's allergy information. The nurse will develop an emergency health care plan for your child's individual needs. The schools will follow the RI general law, 16-21-32, Peanut/tree nut allergies, for students with nut allergies.

Thank you for your attention in this matter.

Donna O'Connor
Director of Nursing, Health & PE
