

## **Addendum #1**

### **Standards Aligned SAT and PSAT Practice Tests**

**Issue Date: Thursday, May 30, 2024**

**Bids Due: Thursday, June 13, 2024 at 1:00 PM**

---

1. Now that these tests are digital, is the expectation for the practice assessments to be taken on a digital platform? The RFP mentions they should be delivered to the district electronically, but this could be in the form of a PDF. Worth confirming.
  - a. Assessments will be administered to students on the district's selected online assessment platform. The district will be responsible for getting the assessments into the platform. A platform is not required nor expected from the vendor.
2. If the assessments are in fact structured as PDFs, will students be taking them on a computer or will the PDFs be printed and distributed as packets to be taken with pencil?
  - a. See above
3. Does the District have any formatting preferences? We would otherwise format the PDF so that questions resemble the PSAT and SAT interface.
  - a. Questions should be similar to PSAT and SAT questions. The documents themselves that are delivered do not need to be formatted as a PSAT or SAT as those assessments are no longer available on paper anyways.
4. Is the District interested in any in-person tutoring to support students taking and reviewing these assessments, or is the RFP limited to the assessments themselves?
  - a. This RFP is limited only to these assessments.
