

Classical High School Summer Reading and Enrichment 2021

In an effort to support students during what has been a challenging and difficult year and one half, we have redesigned our summer reading program to include a blend of traditional coursework with self-paced supplemental enrichment. Our belief is that students should stay on top of the academic learning while also finding time to refresh, relax, go outside and have some fun. When we return in the Fall, as a whole school community, will move forward together. Go Pruple!

Please complete the summer reading assignments for all courses listed that he/she will be attending in the fall.
