

Classical High School *Summer Reading 2017*

Advanced Placement Psychology Summer Reading Essay Assignment

Psychology has seven major subfields or approaches: Biological, evolutionary, psychodynamic/psychoanalytic, behavioral, cognitive, humanistic, and social-cultural. Using Chapter One of the Myers text that has been uploaded to cacciassocialstudiesclass.weebly.com as well as reliable sources from the Internet, write:

- 2 paragraph overview of each perspective including the major psychologist(s) associated with it, what its major assumptions and beliefs are, and a general overview of how the approach would be used to treat psychological disorders.
- The assignment will be collected the second week of school before the essay test regarding The Boy Who Couldn't Stop Washing is taken.
