

# Classical High School SAT Preparation Initiative

## Overview

- Khan Academy has partnered with the College Board to offer FREE test preparation for the SAT. Whether you are in grade 9 or a current senior, there are plenty of options to support your success with the SAT. In fact, the research behind this initiative indicates that with as little as 6 hours of practice, you can see growth.
- We have allocated the next 4 *Thursday's for Advisory* where you will begin/continue your practice building a plan for independent work outside of school. We are asking all students to participate for a minimum of 20 hours this school year.
- You can use any device - your phone, a Chromebook, or computer
