### Section 3: School Improvement Strategies and Implementation Timeline

**Instructions:** After participating in the SIP guidance session, identify a comprehensive and coherent set of strategies that are aligned with the SMART goal identified. If your school selected flex menu interventions as part of identification under Rhode Island's ESEA Waiver, each intervention must appear as a supporting strategy for at least one goal. Interventions may serve as strategies for multiple goals (e.g., the same intervention may be a strategy for both your math and literacy goals). Because of RIDE monitoring requirements, note that the intervention will be the strategy you report on during quarterly monitoring meetings in 2016-2017.

SMART Goal #1: Insert your LITERACY goal below. Include sub group targets that will help close achievement gaps.						
For the 2015-2016 school year Evolutions High School received a composite score of 8 out of 20 points for ELA. Our goal for the 2017 academic school year is to move the ELA CIS from 8 to 12 out of 20 which demonstrate an increase of 4 points.
